## Announcement

---

March 09, 2010

Test Solutions Corporation is pleased to announce a newly appointed UST Technology Pte Ltd, located in Singapore as its authorized Exclusive Distributor for Singapore, Batam Indonesia, Malaysia, Thailand, Philippines, and Vietnam.

UST Technology will be an influential partner managing TSC's Sales and Service in Southeast Asia. UST Technology's experience and knowledge in the semiconductor industry will be a valuable asset to the TSC team. TSC is looking forward to working with UST Technology to develop and advance our global presence.

UST Technology is a leader in the technical and marketing services for the microelectronics industry. Since its founding in 1974, UST Technology's commitment and capabilities have paralleled the growth and increased sophistication of the semiconductor industry in the Far East region. Today, UST Technology provides a stellar level of technical service with equally matched sales and marketing support for a select group of equipment and material manufacturers. For more information about UST Technology, please visit their web site at [www.ust.com.sg](http://www.ust.com.sg)

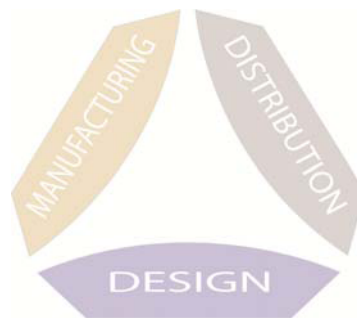

For additional information, contact UST Technology Pte Ltd at (65) 6252.2272, or visit [www.ust.com.sg](http://www.ust.com.sg).
